Attention

Sand is a natural product and is sourced from a variety of locations. Slight variation in both colour and clay content may occur from source to source.

Due to expected natural colour variation in sand, always check sand colour is appropriate before using in colour-based renders and before matching to existing brickwork.

Risk

Although this product is not considered hazardous, a dust mask and safety glasses should be worn when handling the material. Contact with the eyes and repeated and prolonged skin contact should be avoided.

Safety Precautions

Avoid contact with the eyes and skin with proper use of suitable protective clothing, including safety glasses. Always wear a P1 or P2 dust mask suitable for particulates when exposed to dust.

Technical/Safety Data

TECHNICAL DATA SHEETS (TDS) AND SAFETY DATA SHEETS (SDS) are available on request and should always be referenced before handling this product and before the commencement of any works. A WESTBUILD Representative is always available should you require further information. Visit our website for further information on the use of this product and suitability for your application.
